- Precinct Committee Person Willistown S-1 2015-2018 (recently re-appointed)
- Member & SIG Leader for Chester County Marching Forward

I am pleased to announce that I am again running for election to PA State Committee in Chester County. I truly enjoyed serving our Chester County Democratic community from 2010-2018, and as a progressive, I stand for progress and social justice and equality for all.

I was the co-founder and past Chair & Vice Chair of the PA Progressive Caucus, and while I am not currently an elected member, I continue to participate in their activities.

I am the former Vice Chair of the Chester County Democrats, and while I am not currently a member of the Executive Committee, serving on State Committee would enable me to re-engage there as well.

I currently participate with Chester County Marching Forward, (a local progressive group focusing on voter outreach, education, messaging, and democracy) and where I serve as a SIG (Special Interest Group) Leader.

I advocate for a clean and healthy and safe environment, universal access to healthcare, strong public education, common sense gun regulations, protecting and preserving Medicare/Medicaid, women's reproductive rights, LGBTQ+ rights, Diversity, Equality and Inclusion, child tax credits, eliminating college debt, reforming the Supreme Court, a living wage, and a strong Democracy by ensuring the right for all citizens to vote.

I hope you will join me in my journey by supporting me and voting for me on our Democratic primary ballot. Thank you for your consideration.
